

Self Shine Wax Ink

TINTA A LA CERA AUTOBRILLANTE

TARRAGO®

the leather care

TPP65 – TII65

DESCRIPTION DESCRIPCIÓN

Tarrago Self Shine Wax Ink is a special dye designed to repair damages on edges, soles and heels of shoes. Thanks to its formula with high concentration in pigments it will cover chaps and scratches providing a shiny finish without being necessary to polish after its application. Indicated to recolor and restore used and new shoes, can also be applied on smooth leather, rubber soles and plastic heels. Not suitable for suede and nubuck.
